Attorney General Sheets will soon ale suit in the supreme court to secure an interpretation on that section of the nunicipal code providing that the new wards shall stand for all purposes, including the election of members of the election of members of the school poard. The code reduces the number of wards in most cities, and as there are a number of school board members who will hold-over this time, the ques tion arises from what wards shall the new members be elected? The code does not seem to shed much light on this important development.

It has been discovered that the sec tion providing for the summoning of domestic corporations was unintenentially repealed by the legislature at the special session. The mistake is a very serious one.

DON'T DELAY.

It is "Putting Off" Till Some .Other Day that Causes so Many Sudden Deaths.

If its for the kidneys, liver, bladder or blood, rheumatism, dyspepsia, chronic constipation, or the weaknesses peculiar to women, the most efficient medicine known to the medical profession is Dr. David Kennedy's Favorite Remedy, and a very simple way to find out if you need it, is to put some urine in a glass tumbler and let it stand 24 hours; if it has a sediment or a milky, cloudy appearance, if it is ropy or stringy, pale or discolored, you do not need a physician to tell you that your kidneys and bladder are badly affected.

The Rev. Theodore Hunter, pastor of the Presbyterian Church, Greensburg, Ky., writes us the following:

"It gives me much pleasure to state that I have received great benefit from the use of Dr. David Kennedy's Favorite Remedy. Some time ago I had a severe attack of kidney trouble, but a few bottles of 'Favorite Remedy' have entirely removed the malady.'

"Favorite Remedy" speedily cures back, frequent desire to urinate, especially lines. at night, burning scalding pain in passing water, the staining of linen by your urine. What becomes of all the pottery This emphasizes the fact that United States is a very plexing question. Of course the constant breakage Nearly every wedding is a help to the a new household establishment and ions of beautiful china pieces and a considerable per cent, of the fine ware now finds its way to china closets. Then, too, every forward step of civilization adds its mite. If the constitution follows the flag, it is just as true that crockery follows the constitution. Amateur decorators, increasing in numbers every day, also consume very large quantities of ware.

PECULIAR CONDITIONS.

There is no doubt that there has been a heavy falling off in orders lately at almost all the potteries throughout the city, although shipments are still being made. This is only a natural condition, however, and in it there is no cause for alarm. Jobbers and retailors are as a rule pretty well stocked up, except in cases where they have been unable to have orders filled on account of the rush at the potteries and the slowness in delivery on the part of the railroads. Many orders for ware intended for the holiday trade have not yet left the potteries so the falling off of orders will not affect the operatives for the present. Mrs. Susan Lewton, of Malvern, Ohio, writes: "I had Rheumatism for one year, and a considerable portion of the time I was so bad I could scarcely walk. My ankle was so swollen a great deal of the time, I could scarcely get on my shoe. My limbs were numb and I suffered continually. I tried a great many remedies, but was unable to get relief until I tried Life Plant. I took four bottles and was entirely cured. It is a great remedy."

of Richmond, Va., a great sufferer with woman's troubles, tells of her cure by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: - For some years I suffered with backache, severe bearing-down pains, leucorrhoa, and falling of the womb. I tried many remedies, but nothing gave any positive relief.

"I commenced taking Lydia E. Pinkham's Vegetable Compound in June, 1901. When I had taken the first half bottle, I felt a vast improvement, and have now taken ten bottles with the result that I feel like a new woman. When I commenced taking the Vegetable Compound I felt all worn out and was fast approaching complete nervous collapse. I weighed only 98 pounds. Now I weigh 10% pounds and am improving every day. I gladly testify to the benefits received."—Mrs. R. C. Tupman, 423 West 30th St., Richmond, Va.

When a medicine has been successful in more than a million cases, is it justice to yourself to say, without trying it, "I do not believe it would help me"?

Surely you cannot wish to remain weak and sick and discouraged, exhausted with each day's work. You have some derangement of the feminine organism, and Lydia E. Pinkham's Vegetable Compound will help you just as surely as it has others.

Mrs. W. H. Pelham, Jr., 108 E. Baker St., Richmond, Va., says: "Dear Mrs. Pinkham:—I must say that I do not believe there is any female medicine to compare with Lydia E. Pinkham's Vegetable Com-

pound, and I return to you my heartfelt thanks for what your medicine has done for me. Before taking the Vegetable Compound I was so badly off that I thought I could not live much longer. The little work I had to do was a burden to me. I suffered with irregular menstruation and leucorrhœa, which caused an irritation of the parts. I looked like one who had consumption, but I do not look like that now, and I owe it all to your wonderful medicine.

"I took only six bottles, but it has made me feel like a new person. I thank God that there is such a female helper as you."

Be it, therefore, believed by all women who are ill that Lydia E. Pinkham's Vegetable Compound is the medicine they should take. It has steed the test of time, and it has hundreds of thousands of cures to its credit. Women should consider it unwise to use any other medicine.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women. Perhaps she has just the knowledge that will help your case-

of Richmond, Va., a great sufferer with woman's troubles, tells of her cure by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: - For some years I suffered with backache, severe bearing-down pains, leucorrhea, and falling of the womb. I tried many remedies, but nothing gave any positive relief.

"I commenced taking Lydia E. Pinkham's Vegetable Compound in June, 1901. When I had taken the first half bottle, I felt a vast improvement, and have now taken ten bottles with the result that I feel like a new woman. When I commenced taking the Vegetable Compound I felt all worn out and was fast approaching complete nervous collapse. I weighed only 98 pounds. Now I weigh 109½ pounds and am improving every day. I gladly testify to the benefits received."—Mrs. R. C. Tupman, 423 West 30th St., Richmond, Va.

When a medicine has been successful in more than a million cases, is it justice to yourself to say, without trying it, "I do not believe it would help me"?

Surely you cannot wish to remain weak and sick and discouraged, exhausted with each day's work. You have some derangement of the feminine organism, and Lydia E. Pinkham's Vegetable Compound will help you just as surely as it has others.

Mrs. W. H. Pelham, Jr., 108 E. Baker St., Richmond, Va., says: "Dear Mrs. Pinkham: - I must say that I do not believe there is any female medicine to compare with Lydia E. Pinkham's Vegetable Compound, and I return to you my heartfelt thanks for

what your medicine has done for me. Before taking the Vegetable Compound I was so badly off that I thought I could not live much longer. The little work I had to do was a burden to me. I suffered with irregular menstruation and leucorrhœa, which caused an irritation of the parts. I looked like one who had consumption, but I do not look like that now, and I owe it all to your wonderful medicine.

"I took only six bottles, but it has made me feel like a new person. I thank God that there is such a female helper

Chance to Play Youngstown.

The Rovers association foot bal team now has more reason than ever for desiring to get on a game with the Youngstown eleven. With his head and hand wrapped in cloth, his face scarred and his movements while writing in agony, there was no one who saw him who did not utter words of sympathy and condolence.

The quick action of the fire department was commented on quite freely. Had they delayed in arriving on the scene it is very probable that the fire would not have been confined to the one room or the one house. The house is located in the midst of numerous other frame dwellings and they were all in jeopardy.

.Other Day that Causes so Many Sudden Deaths.

If its for the kidneys, liver, bladder or blood, rheumatism, dyspepsia, chronic constipation, or the weaknesses peculiar to women, the most efficient medicine known to the medical profession is Dr. David Kennedy's Favorite Remedy, and a very simple way to find out if you need it, is to put some urine in a glass tumbler and let it stand 24 hours; if it has a sediment or a milky, cloudy appearance, if it is ropy or stringy, pale or discolored, you do not need a physician to tell you that your kidneys and bladder are badly affected.

The Rev. Theodore Hunter, pastor of the Presbyterian Church, Greensburg, Ky., writes us the following:

'It gives me much pleasure to state that I have received great benefit from the use of Dr. David Kennedy's Favorite Remedy. Some time ago I had a severe attack of kidney trouble, but a few bottles of 'Favorite Remedy' have entirely removed the malady."

"Favorite Remedy" speedily cures such dangerous symptoms as pain in the back, frequent desire to urinate, especially at night, burning scalding pain in passing water, the staining of linen by your urine.

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle-enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

If the constitution follows the flag, it is just as true that crockery follows the constitution. Amateur decorators, increasing in numbers every day, also consume very large quantities of ware.

PECULIAR CONDITIONS.

There is no doubt that there has been a heavy falling off in orders lately at almost all the potteries throughout the city, although shipments are still being made. This is only a natural condition, however, and in it there is no cause for alarm. Jobbers and retailors are as a rule pretty well stocked up, except in cases where they have been unable to have orders filled on account of the rush at the potteries and the slowness in delivery on the part of the railroads. Many orders for ware intended for the holiday trade have not yet left the potteries so the falling off of orders will not affect the operatives for the present. Even when all the orders on hand have been filled a number of plants will find it necessary to stock up on staple

This will give the same amount of floor space as the long, one-story plan originally intended. The details of the plan have been fully worked out and the blue prints prepared. It will be a very handsome factory building and modern in every particular. It is the intention to commence the work of construction as soon as material can be gotten on the ground. "DEAR MRS. PINKHAM: - For some years I suffered with backache, severe bearing-down pains, leucorrhoea, and falling of the womb. I tried many remedies, but nothing gave any positive relief.

"I commenced taking Lydia E. Pinkham's Vegetable Compound in June, 1901. When I had taken the first half bottle, I felt a vast improvement, and have now taken ten bottles with the result that I feel like a new woman. When I commenced taking the Vegetable Compound I felt all worn out and was fast approaching complete nervous collapse. I weighed only 98 pounds. Now I weigh 1094 pounds and am improving every day. I gladly testify to the benefits received."—Mrs. R. C. Tupman, 423 West 30th St., Richmond, Va.

When a medicine has been successful in more than a million cases, is it justice to yourself to say, without trying it, "I do not believe it would help me"?

Surely you cannot wish to remain weak and sick and discouraged, exhausted with each day's work. You have some derangement of the feminine organism, and Lydia E. Pinkham's Vegetable Compound will help you just as surely as it has others.

Mrs. W. H. Pelham, Jr., 108 E. Baker St., Richmond, Va., says: "DEAR Mrs. PINKHAM:—I must say that I do not believe there is any female medicine to compare with Lydia E. Pinkham's Vegetable Com-

The little work I had to do was a burden to me. I suffered with irregular menstruation and leucorrhea, which caused an irritation of the parts. I looked like one who had consumption, but I do not look like that now, and I owe it all to your wonderful medicine.

"I took only six bottles, but it has made me feel like a new person. I thank God that there is such a female helper

Be it, therefore, believed by all women who are ill that Lydia E. Pinkham's Vegetable Compound is the medicine they should take. It has stood the test of time, and it has hundreds of thousands of cures to its credit. Women should consider it unwise to use any other medicine.

Chance to Play Youngstown.

The Rovers association foot ball team now has more reason than ever for desiring to get on a game with the Youngstown eleven. Saturday the latter team won from New Castle by a score of 3 to 0, and as East Liverpool has not met New Castle and will probably not be able to do so, a game with Youngstown will go a great way toward settling the championship. since it showed its superiority over New Castle.
